Alumni Feedback, Analysis and Action Taken Report

A meeting of all the Heads of various departments and members of IQAC was convened under the chairmanship Dr. Aurangzeb Anjum, Coordinator IQAC on 03-08-2024 in connection with the analysis of Alumni feedback and recommendation of action to be taken. Following points were discussed and resolved unanimously.

61 responses

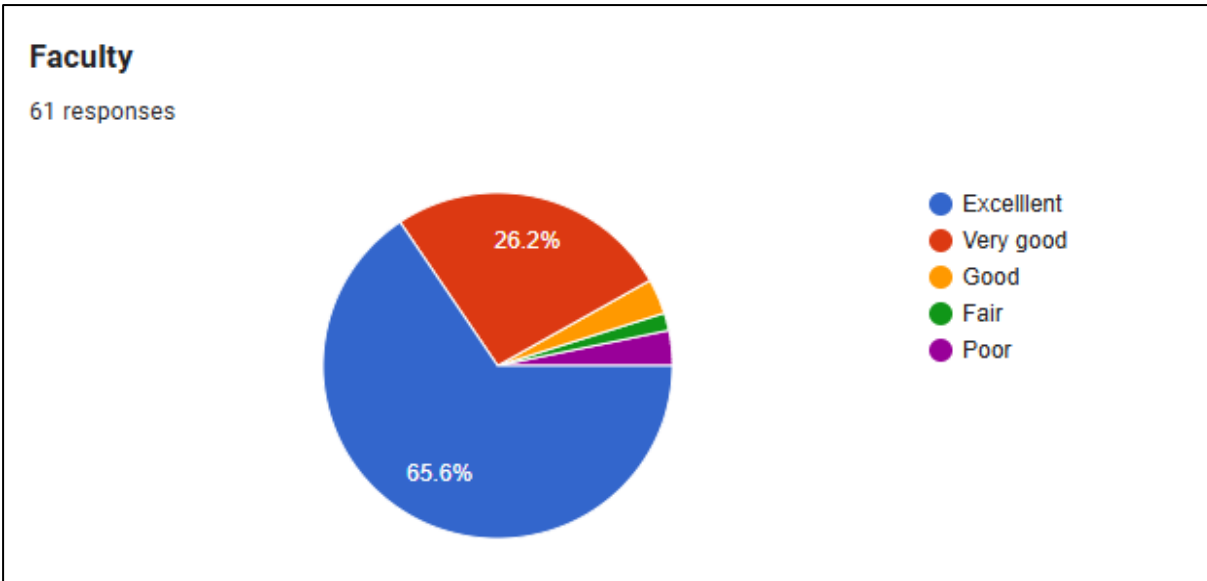

Analysis & Action Taken:

From the pie chart it is clear that more than 91% (Good Very Good+ excellent) of the alumni are satisfied with infrastructure and lab facilities. The College is committed to continually improving and upgrading its infrastructure, with plans to incorporate more advanced facilities and virtual lab technologies in the future.

Analysis & Action Taken:

The pie chart indicates that more than 97% of the alumni are satisfied with the college faculty, as reflected in the categories of 'Good,' 'Very Good,' and 'Excellent.' Only 3% expressed dissatisfaction, which can be attributed to the frequent changes in academic staff under temporary arrangements each academic session. Consequently, it was decided that the college administration should persist in advocating for the recruitment of permanent faculty through the Higher Education administration.

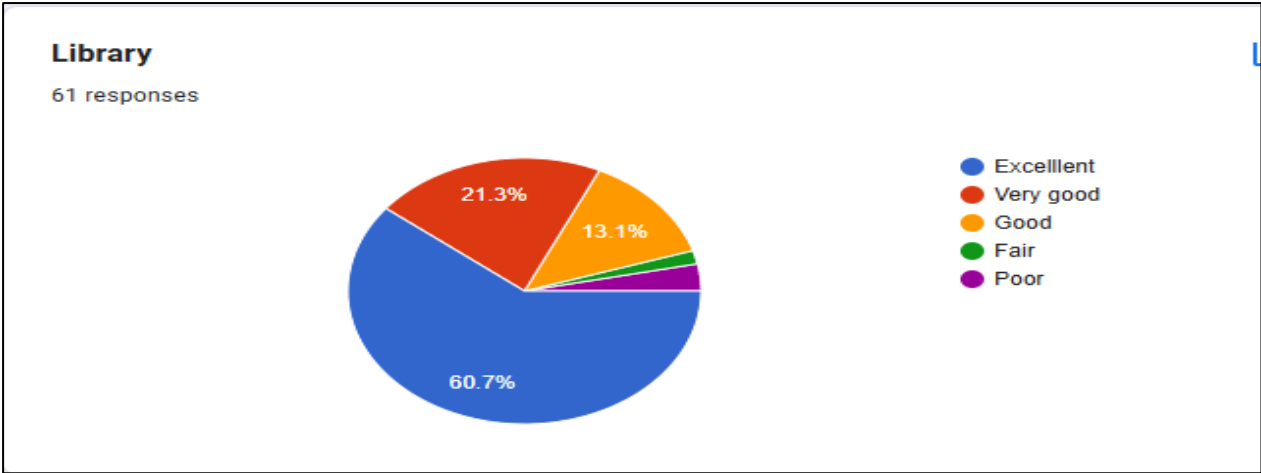

Analysis & Action Taken:

The above pie chart indicates that more than 92% of the alumni are satisfied with the canteen facility, as evident from the categories of 'Good,' 'Very Good,' and 'Excellent.' However, 8% of respondents expressed dissatisfaction. To address this, it is recommended that the College administration direct the canteen holders to diversify and expand the menu offerings to better cater to the needs and preferences of the students.

Analysis & Action Taken:

The above pie chart reveals that only a small portion of alumni are not satisfied with the library facilities, while the majority express high satisfaction with the overall facilities of the College Library. Currently, the college offers well-equipped library services, and there is potential for an even more positive response in the future.

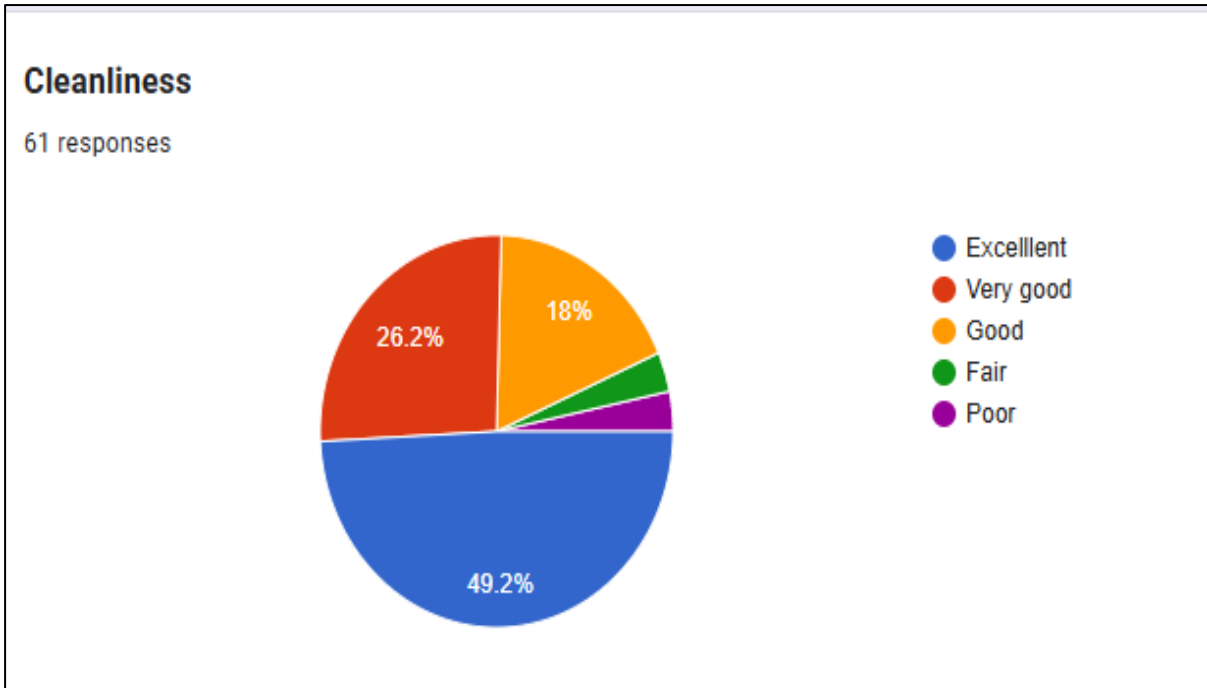

Analysis & Action Taken:

The response for educational resources was good enough as 97% alumni (including 'Excellent' and 'Very Good'), reflects a highly positive perception. The reason behind the poor response from the remaining 3% is attributed to the recent implementation of NEP-2020, which some students are still adapting to. Nevertheless, the College remains committed to enhancing the quality and standards of its programs, with a strong focus on making its courses more job-oriented and aligned with contemporary demands.

Analysis & Action Taken:

The pie chart indicates that more than 94% of alumni (categorized as 'Excellent,' 'Very Good,' and 'Good') hold a highly positive perception. The poor response from the remaining 6% is attributed to the lack of adequate manpower for the continuous cleaning of the lawns and outer areas of the College. Nevertheless, the College regularly conducts cleanliness drives on campus to maintain a neat and clean environment.

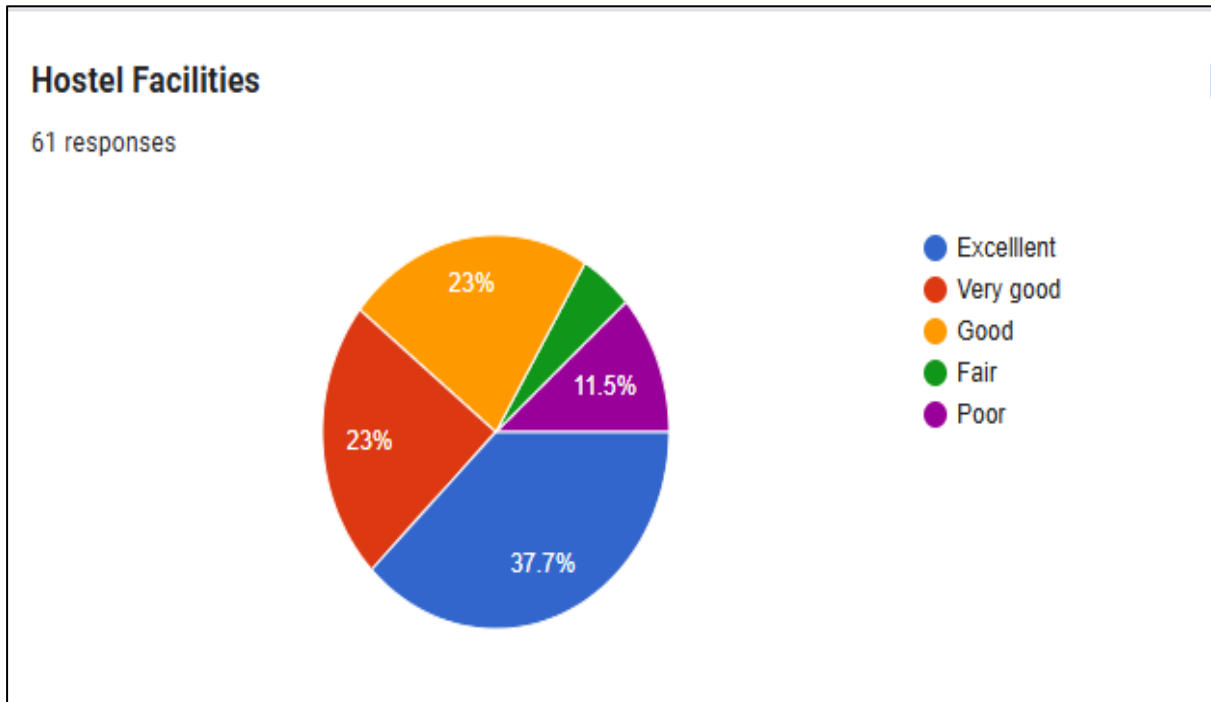

Analysis & Action Taken:

The pie chart indicates that 93% of alumni have provided very positive feedback, categorized as 'Excellent,' 'Very Good,' and 'Good.' However, a small percentage of alumni (7%) expressed dissatisfaction with the extra-curricular activities offered by the College.

It is worth noting that the College regularly organizes a variety of extra-curricular activities, including seminars, symposiums, quizzes competitions, painting competitions, and sports events, to foster the all-round development of its students and we hope to get better response in future.

Analysis & Action Taken:

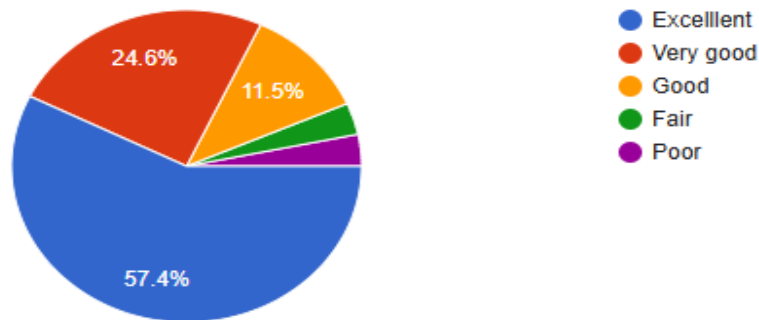

The pie chart indicates that 11.5% of alumni are dissatisfied with the hostel facilities at the College. The primary reason for this dissatisfaction is the insufficient hostel accommodation, resulting in a gap between the number of applicants and the available spaces. Therefore, it is recommended that the College improve its infrastructure, including expanding the hostel building and enhancing the basic facilities provided to residents.

Overall Rating of the college

61 responses

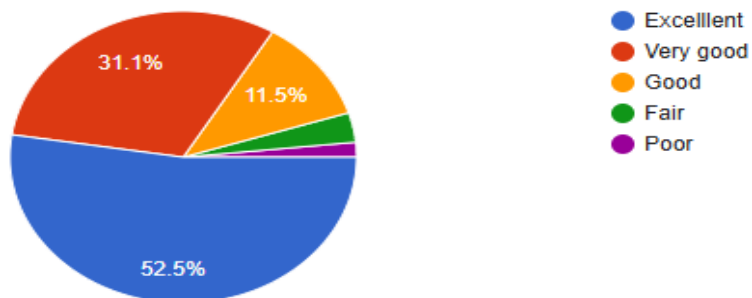

Analysis & Action Taken:

The pie chart indicates that more than 95% of alumni (categorized as 'Excellent,' 'Very Good,' and 'Good') are highly satisfied with the overall functioning of the College. Only 5% expressed dissatisfaction, and the reasons for their negative feedback will be analyzed to ensure that appropriate measures are taken to address their concerns.

How do you rate the courses you have learnt in the college in relation to your current job/occupation

61 responses

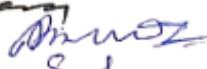

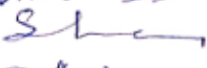

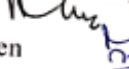

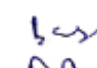

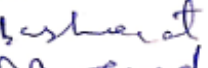

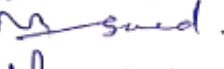

Analysis & Action Taken:

The pie chart indicates that more than 97% of alumni categorized as ('Excellent,' 'Very Good,' and 'Good') are highly satisfied with the job-oriented nature of the courses they have undertaken. However, 3% of alumni expressed dissatisfaction, and the reasons for their negative feedback will be analyzed to ensure that appropriate measures are taken to address their concerns. It is recommended that the College continue to focus on skill-based and job-oriented courses to enhance students' employability.
